

REQUEST FOR APPLICATIONS Graduate Student Cyberinfrastructure Assistantship Program

Reissued: August 1, 2022

Due to UND: 5:00 pm CDT on August 26, 2022

UND ANNOUNCEMENT ONLY

Limited Funding Available

Purpose:

ND EPSCoR's New Discoveries in the Advanced Interface of Computation, Engineering, and Science (ND-ACES) Graduate Student Cyberinfrastructure (CI) Assistantship program is designed to (1) increase student understanding of advanced research computing in hardware and software as it relates to their discipline; (2) provide additional support to faculty in the Center for Cellular Biointerfaces in Science and Engineering (CCBSE); and (3) provide student/faculty CI training at all ND EPSCoR-participating institutions on potential CI uses/benefits.

Program Description:

Support will be available for one-half (10 hours per week) of a full-time graduate student assistantship in the UND Computational Research Center (CRC). For the ND-ACES supported 10 hours per week, the student must work within the CRC under the direction of the Center's staff.

It is anticipated that one (1) Graduate Student CI Assistantship will be awarded at UND. The Dean of the UND Graduate School, the UND NSF RII Track-1 ND-ACES Co-PI, and the CRC Advanced CI Manager will serve as the review panel to evaluate the applications.

The assistantship components include:

- To be eligible the student must be on a full-time assistantship (20 hours/week)
 - ND-ACES contribution (10 hours/week): \$875/month for a Master's student and \$1,100/month for a Doctoral student.
 - Major advisor/department contribution (10 hours/week): at least one-half the prescribed departmental level for a full-time assistantship, which may vary from the ND EPSCoR/ND-ACES rate
- In addition to the student stipend and related fringe benefits, the ND-ACES portion of this assistantship includes \$750 for travel, \$500 for materials and supplies, \$250 for publications/printing/dissemination, and related F&A.

Eligibility:

UND graduate students, who:

- have been accepted by the Graduate School;
- are majoring in a science, technology, engineering, or math (STEM) discipline; and
- are in good academic standing.

Application Requirements

A graduate student's application must include:

- a letter of endorsement from their major advisor, stating:
 - the major advisor/academic department's commitment to the other one-half (10 hours per week) of the graduate student assistantship and
 - how the CI assistantship will be used to further the student's thesis or dissertation work, including a statement that the student is in good standing academically, and that the student will be able to handle

the split commitment between the requirements of their research and the CI assistantship.

- an essay written by the student, which should focus on the past (up to 1 page), present (up to 1 page), and future (up to 1 page) importance of CI to research within their STEM discipline.

Evaluation Criteria

- Credentials of the student
- Quality of Essay
- Priority is given to:
 - members of an underrepresented or underserved group, as defined by the National Science Foundation (NSF)
 - students who have not held a prior CI Assistantship with ND EPSCoR

Application Submittal Checklist (Submit electronically):

1. Cover Page: available at <https://www.ndepscor.ndus.edu/fileadmin/ndus/ndepscor/CI/UNDCICover-GRAs.pdf>
2. Essay: Described above.
3. Student's credentials: a two-page NSF-style Biosketch.
4. NSF-style budget template: available at https://www.ndepscor.ndus.edu/fileadmin/ndus/ndepscor/documents/ND_ACES_template_budget.pdf
5. Budget justification.
6. Copy of the major advisor's endorsement letter: Described above.

Electronic Submissions:

- **August 26, 2022 (5pm):** UND graduate student deadline to submit completed application to the UND Office of Research and Sponsored Programs: Submit completed application in a single PDF file to devona.janousek@und.edu via e-mail attachment. Please indicate the subject line as "CI Assistantship Application – UND Campus."

Additional Information:

Funds are expected to be available on or about September 16, 2022.

Awards are contingent upon the availability of funds from the NSF and the ND EPSCoR State Office. These assistantships are provided in conjunction with ND EPSCoR's Track-1 cooperative agreement with the NSF (ND-ACES), which provides for outreach activities throughout North Dakota.

Please direct questions:

- Related to the assistantship to Aaron Bergstrom, Advanced CI Manager, UND CRC at: aaron.bergstrom@UND.edu
- Related to the application forms to Trinity Bohlman, Director of Strategic Finance, Operations, and Reporting, UND Office of the Vice President for Research and Economic Development at: trinity.bohlman@UND.edu
